1. BEFORE TRAVEL

At P&O Ferries we want to deliver a stress-free and enjoyable journey. We are committed to providing assistance, where possible, to make our services accessible and easy to use.

We offer a range of channels to make a reservation with us, via our website, telephone, SMS text messaging and in person at one of our Ferry Terminals.

To enable us to make the necessary arrangements and confirm to our customers that we are able to provide the assistance needed, we request that we are notified 48 hours prior to departure, to ensure we have the right help and equipment ready. If special assistance is not pre booked, we will do our best to accommodate passenger needs however this is not guaranteed. For reservations made through a third party, assistance should be communicated, and this will be passed over to us.

We will make every effort to cater for passenger requirements. However, there will be some instances where P&O Ferries ask that you are accompanied by a companion, who is capable of dedicating the attention needed to ensure the required care is received. For safety reasons there are certain types of assistance that we are unable to offer. In these circumstances the accompanying companion shall be carried free of charge.

Passengers may carry up to 6 cylinders, of size 'F' or smaller (up to 60 litres aggregate water capacity) containing UN 1072 of compressed oxygen. When carrying this equipment you may be asked to show a letter from a doctor stating that you require medical oxygen. The oxygen can be taken on all sections of our ships apart from the designated smoking areas. If a greater quantity of oxygen is required, we must be notified when the booking is made, as a declaration will be required at the port.

2. SUNFLOWER LANYARD

If a passenger has a disability that may not be immediately apparent, the Sunflower Lanyard acts as a discreet sign for staff that additional support or assistance may be required. The use of the lanyard is voluntary, and details of the disability are not needed. If specific special assistance is required, this should still be highlighted to us during the booking process.

If a passenger wants to request a lanyard before travel, they can contact us via phone on 01304 44 88 88 or by email on travelassistance@poferries.com. A lanyard will then be posted within 7 days.

Additionally, passengers have the option of collecting a lanyard on the day of travel, this can be requested at check-in or from our reception desk on board.

3. AT THE PORT, EMBARKATION AND DISEMBARKATION

All ports that we sail to are disabled friendly and all provide accessible toilets.

With advance notification we are able to provide wheelchairs and assist with embarkation/dise embarkation, including help with baggage where required. When travelling as a foot passenger there are accessible transfer services available however, in Europoort this facility is subject to availability.

When requested, passengers travelling by vehicle can be parked near to a lift when loaded onto the vessel.

Terminal/Port	Wheelchair	Accessible Toilets	Lifts	Disabled Parking	Hearing Loop
Dover	Yes	Yes	Yes	Yes (short stay only)	Yes
Calais	Yes	Yes	Yes	Yes	No
Larne	Yes	Yes	Yes	Yes	Yes
Cairnryan	Yes	Yes	N/A	Yes	Yes
Hull	Yes	Yes	Yes	Yes	Yes
Europoort	Yes	Yes	Yes	Yes	No

4. ON BOARD

Our ships and facilities are accessible to wheelchair users. Please note that staff assistance may be required to access outside decks on some of our vessels.

For any passengers with a visual impairment, if required our staff on-board will be happy to provide an orientation tour or accompany passengers to different areas of the ship.

If you or someone you are travelling with has a hearing impairment, please make yourself known to the staff at reception on-board. This will allow our staff to ensure you receive all important announcements made in your preferred format. In addition, on our North Sea Ferries we have a portable visual-tactile alert system that is available upon request. The device would provide an alert in the event of the emergency alarms being sounded on the vessel.

We welcome registered assistance dogs on board, if you need to take an assistance dog on your journey please let us know at the time of booking. We are unable to accept responsibility for the welfare of the dog, the care required will need to be provided by the travelling passenger or party.

On our North Sea overnight route, Hull-Europoort, we have a range of wheelchair accessible cabins. Cabins that are not adapted for wheelchairs have narrow doorways and a step into the bathroom.

Below details a full list of facilities available on our vessels by route.

Route	Wheelchair	Accessible Toilets	Lifts	Accessible Cabins	Hearing Loop
Dover - Calais	Yes	Yes	Yes	N/A	Yes
Larne - Cairnryan	Yes	Yes	Yes	N/A	Yes
Europoort - Hull	Yes	Yes	Yes	Yes	Yes

5. CHANGING PLACES

P&O Ferries are proud to launch two changing places facilities on our newest vessels on the Dover and Calais route. The P&O Pioneer and the P&O Liberte are the first in our fleet to have a formally accredited Changing Places on board.

Changing Places toilets are larger accessible toilets supporting children and adults with profound and multiple disabilities, with equipment such as hoists, curtains, adult-sized changing benches, and space for carers.

Located on Deck 8 opposite reception, the facility is available on all of our sailings with emergency assistance at all times.

6. EXCEPTIONS

P&O Ferries will always make reasonable efforts in making ferry travel possible for passengers.

A reservation could be denied if the carriage of a person with disabilities or with reduced mobility breached safety requirements established by international, union or national law.

Additionally access to our services could be denied where the design of the passenger ship or port infrastructure makes it impossible to carry out the embarkation. While we cannot make structural changes to our current fleet, we are committed to making any new vessel completely accessible on all of our routes
